

California Regional Water Quality Control Board
North Coast Region

Order No. R1-2007-0014

Rescission of Waste Discharge Requirements

For

ERICA PETERS
ROBERT PETERS
MARLENE JUDY PETERS
AND
E-Z LIVIN MOBILE HOME PARK
19925 Highway 101
Willits, Ca

Mendocino County

The California Regional Water Quality Control Board, North Coast Region (Regional Water Board) finds that:

1. On June 25, 1992, the Regional Water Board adopted Waste Discharge Requirements (WDR), Order No. 92-76, requiring Erica Peters, Robert Peters, Marlene Judy Peters, and E-Z Livin' Mobile Home Park to comply with discharge prohibitions and effluent limitations for the treatment and discharge of domestic sewage at the E-Z Livin' Mobile Home Park facility in Willits, California. Order No. 92-76 also required compliance with Contingency Planning and Notification Requirements Order No. 74-151 and Monitoring and Reporting Program No. 92-76.
2. On November 18, 1997, the State Water Board adopted General Waste Discharge Requirements Order No. 97-10-DWQ for the discharges to land by small domestic wastewater treatment systems.
3. SPH Properties LLC purchased the E-Z Livin' Mobile Home Park in June of 2006. On July 21, 2006, SPH Properties LLC submitted the Notice of Intent to comply with State Water Resources Control Board Water Quality Order No. 97-10-DWQ and a report of waste discharge for system upgrades. Based on the July 21 submittal as well as supplemental information submitted on September 25, 2006, the application was considered complete. Order No. 97-10-DWQ adequately covers E-Z Livin' Mobile Home Park's discharges at a level that is as protective or more stringent than the requirements under the WDR Order No. 92-76.
4. SPH Properties LLC and the E-Z Livin' Mobile Home Park's discharge is now covered under State Water Resources Control Board Water Quality Order No. 97-10-DWQ, and Dischargers must comply with all of the provisions therein. Monitoring of the treatment system will be regulated under Monitoring and Reporting Program No. R1-2006-0113.

5. This action to rescind WDR is not subject to the California Environmental Quality Act (CEQA) (Public Resources Code, Section 21000 et seq.). Pursuant to title 14, California Code of Regulations, sections 15060(c)(2) and 15061(b), the action to rescind WDR Order 92-76 will not result in any physical change in the environment and therefore, will not have any potentially significant adverse effect on the environment because the discharges that were regulated by WDR Order No. 92-76 are now regulated under General WDR 97-10-DWQ, which is at least as protective of water quality as WDR Order No. 92-76.
6. On March 15, 2007, after due notice to the Dischargers and all other affected persons, the Regional Water Board conducted a public hearing and evidence was received regarding rescission of the WDR Order No. 92-76.

THEREFORE, IT IS HEREBY ORDERED that Waste Discharge Requirements, Order No. 92-76 and associated Monitoring and Reporting Program are rescinded except for enforcement purposes.

CERTIFICATION

I, Catherine Kuhlman, Executive Officer,
do hereby certify that the foregoing is a
full, true, and correct copy of an Order
adopted by the California Regional Water
Quality Control Board, North Coast Region,
on March 15, 2007

Catherine E. Kuhlman
Executive Officer
